**PRODUCTS AND SERVICES:** WOUND CARE & HEALING, DISPOSABLE & REUSABLES, HYPERBARIC CHAMBERS, TOPICAL WOUND OXYGEN THERAPY DEVICES

**COMPANY DESCRIPTION:** AOTI is a global manufacturer of innovative solutions for closing Chronic and Acute wounds completely. We are dedicated to improving the quality of life for wound care patients while at the same time reducing the cost of care for providers and payers alike. The AOTI product portfolio is spearheaded by our patented non-invasive Topical Wound Oxygen (TWO2) therapy that quickly progresses wounds to complete closure in a manner that also significantly reduces recurrences.

EXHIBITOR PROFILES

Are there any guide or video to help exhibitors with their online profile setting? You may watch the recording of the exhibitor webinar where we have demonstrated the exhibitor registration process and exhibitor profile setting on our Online event platform. Additionally, you may download the user guide. I understand the exhibition will occur with social distancing guidelines. If an exhibitor has an 18 square meter booth space, how many individuals will be allowed in that space at a single time? There are certain regulations for the number of individuals that can be present on a stand depending its size. Please refer the Stand Capacities slide for more information. We would recommend to keep your stand open with a simple display of products to accommodate more people at the stand. On the Customer Centre, where can we register and manage our Online profile? You can access your Online profile through the Customer Centre. Once you have booked your stand, the primary contact mentioned in your signed contract will receive a welcome email from Customer Centre. If you have not received this, please contact our customer service team at [email protected]. Please make sure to check your spam folder too. Are giveaways permitted or discouraged? We would discourage exhibitors from having giveaways on their stand to keep touchpoints at a minimum. However, certain exceptions could be made if the items are individually packed, sanitised and safe for everyone to use. From which countries do you expect to attract international visitors for the live event? For the Live event, we expect about 63% of the audience to be from other GCC and Middle East Countries as well as Asia, Africa and Eastern Europe. Since the Online and Live event will be held during 24 - 27 January 2022, what options do Live event exhibitors have to access visitors at the Online platform? The Online platform is available FOC to all Live event exhibitors, although developing connections through face-face interactions is the focus of the Live show. The objective of the Online event is to assist in qualifying and pre-scheduling meetings in the lead up to the physical show, as well as fostering connections at the Live show through the Online platform. When will the Online platform be launched to set up meetings? The Online platform is now live to access and set up your personal profiles for networking and work on your official company profile. A complete and detailed profile for the company will enable the matchmaking system to connect you with your relevant audience. Are there any changes to build and break down procedures? There are no changes in the build and breakdown procedures. However, there will be no working overnight to allow for umigation and sanitisation of the halls for the next day. We now have a NEW Customer Centre, formerly known as the Exhibitor Manual, which has been designed to improve your exhibitor experience. Here, you can access all the important information you need leading up to the show. Once your details have been entered on the Arab Health database, you should receive an email from [email protected] containing a unique username and a link to set your own unique password in order to access the Customer Centre. If you haven't received this email then let us know and we can check to see if your contract has been uploaded. We have partnered with exhibition accommodation experts, onPeak, to secure the best possible hotel deals around the exhibition centre for our exhibitors and visitors. Travelling to Dubai just got a lot easier with our 10% off Emirates discount code that you can redeem on flights to and from Arab Health 2020. We have partnered with marhaba to offer a 10% discounted VIP Service for all international attendees and exhibitors to ensure a pleasant experience as soon as you touch down in Dubai. We encourage exhibitors to download the Arab Health banners and load them into your website and email footers to let your visitors know that you will be exhibiting at the 2020 show. Did you know that you can upgrade your Arab Health directory, catalogue and mobile app entry? Stand out in these essential resource guides used by 102,000+ attendees when navigating the exhibition. Arab Health 2020 offers a selection of high impact opportunities to exhibitors to further enhance their participation at the show. Download the High impact opportunities brochure for more details. With an exhibition covering over 63,000 square metres, Arab Health offers various diversified options for you to highlight your brand onsite, and improve your exposure to our 102,600+ visitors. For no additional cost, send us your press releases, product information and product launch plans today to improve your return on investment and maximise your exposure before, during and after the show. Make sure you promote your presence at Arab Health by showcasing your participation through well captured and professionally edited videos. Contact our videography partner today. Boost your brand visibility by advertising your content with Arab Health Publications and optimize your digital/print marketing strategy 100%. Discover how each solution can enhance your brand reputation and optimize your international exposure. We have prepared a list of top tips to help you have a successful show. Download them today and get your team ready for Arab Health 2020. Stay ahead of your competition & make sure you maximise your ROI by purchasing our market-leading data capture solution - Infotracker App. The Exhibitor Success & ROI Center is you and your entire team's FREE, on-demand, 24/7 exhibiting knowledge resource to provide answers to your most pressing exhibiting challenges, expand your exhibiting know-how, and improve your company's exhibiting performance and ROI (Return on Investment). Make your visit to Dubai easier with our Tourist information resource which will help you find information about climate, clothing, safety, useful numbers, culture and more! Arab Health 2023 will feature companies from 8 product categories, explore companies from each product category by clicking the icons below.
